T60RP 50TH ANNIVERSARY

RP [Regular Phase] Stereo Headphones

Owner's Manual

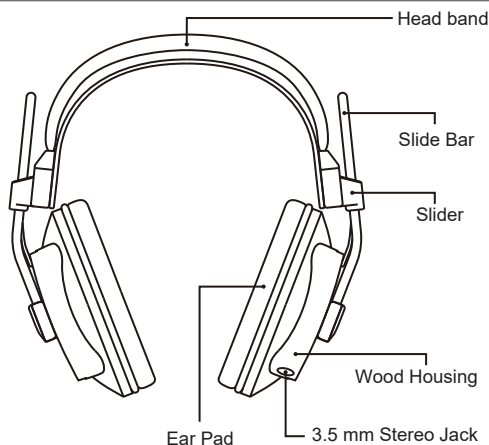

■ Main Features

- * Features a housing crafted from solid, precision-milled African padauk wood. Enjoy rich, deep bass and midrange with a lustrous quality, plus clear, extended highs for a pleasant listening experience.
- * Includes two types of ear pads: synthetic leather and velour. The around-ear design prioritizes comfort, ensuring comfortable use even during extended listening sessions.
- * The T60RP uses the proprietary RP diaphragm, which is copper foil etched on the high heat-resistant polyimide film as base material. Using Neodymium for the driver magnet, it has wide reproduction band, and realizes excellent transient characteristics and high resistance to input power up to 3000mW.
- * Using high-quality OFC conductor for cable, it offers high resolution in all bands with a good sound separation. Additionally, connecting to balanced output-compatible players or headphone amplifiers using a separately sold balanced cable suppresses unwanted noise, enabling reproduction of clearer sound quality with greater separation.
- * The head pad uses genuine leather. It improves texture and offers stable wearing feeling.

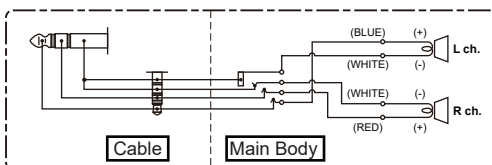

■ Product Specifications

Type	Semi-open RP Dynamic
Frequency Range	15 ~ 35,000 Hz
Impedance	50 Ω
Sensitivity	92 dB/mW
Max. Input	3,000 mW
Weight	Approx. 450 g
Accessories	* $\phi 3.5$ mm (4-pole) $\leftrightarrow$ $\phi 3.5$ mm (3-pole) Stereo Phone Cable (1.5 m) x 1 * $\phi 3.5$ mm $\rightarrow$ $\phi 6.3$ mm Stereo Phone Conversion Adapter x 1 * Carry Bag x 1 * Sticker x 1 * Owner's Manual x 1

■ Name of Parts

■ Connection Diagram

※ Connect the 4-pole plug to the main body.

■ About Detachable Cable

It is designed that the headphone main body and cable are detachable. If the cable is deteriorated, please replace with the dedicated cable, model ET - RP 3.5 UB (optional), of the same specification as the accessory. In addition, the following optional cables are sold separately for this product. Using those cables, you can enjoy the sound quality of balanced connection.

※ For the purpose of product improvement, the specifications may change without prior notice.

※ When using headphones, please refrain from using for a long time for not to irritate your ears, please use with a reasonable volume. Also, please never use headphones when driving a car or bicycle as you cannot respond to emergency situations, there is a risk of leading to a big accident.

※ The ear pad is a consumable item. It deteriorates due to everyday use and long term storage, please replace it as necessary.
